

## Qualified Product List (QPL) for Efficiency Maine Manufactured Home Heat Pump Program

To ensure that every heat pump installed through Efficiency Maine’s Manufactured Home Heat Pump program can keep homes warm and comfortable even on the coldest winter days, we have carefully curated the list of eligible systems below. This list was created by extensively reviewing numerous systems for cold weather performance at Maine winter design temperatures.

<b>Make</b>	<b>Outdoor Unit Model # (Condenser)</b>	<b>Indoor Unit Model # (Air Handler)</b>	<b>Capacity @ -4° or -5°F</b>	<b>Air Handler Width (in.)</b>	<b>Air Handler Depth (in.)</b>
Daikin	RZQ42TAVJUA	FTQ42TAVJUD	40,500	21	21
Daikin	RZQ36TAVJUA	FTQ36TAVJUD	40,000	17.5	21
Fujitsu	AOUH30LUAH1	AMUG30LMAS	29,000	21	21.6875
Fujitsu	AOUH36LMAH1	AMUG36LMAS	38,000	21	21.6875
Fujitsu	AOUH48LMAH1	AMUG48LMAS	45,500	21	21.6875
LG	LUU360HHV	LVN361HV4	33,810	18	21.5
LG	LUU420HHV	LVN420HV	38,200	25	25
Samsung	AC030BXSCCH	AC030BNZDCH	34,000	21	21
Samsung	AC030JXSCCH	AC030KNZDCH	31,700	21	21

If you do not see the system you wish to install in your customer’s home, please provide the submittal sheet for the proposed system along with an itemized estimate. We will review the system specifications and respond with a decision of whether it can be added to this list within 3 business days.
