S40 and S41	Screw-In and Pin-Based LED Lamps must carry ENERGY STAR label	\$ 20.00 Per Lamp

Efficiency Maine is a statewide effort to promote the more efficient use of electricity, help Maine residents and businesses reduce energy costs, and improve Maine's environment.

Criteria

In order to be eligible for incentives through Efficiency Maine, LED products must carry the ENERGY STAR® label or be approved by the DesignLights™ Consortium, where appropriate.

For a complete list of products that have been approved by ENERGY STAR, please refer to their list of Qualified LED Lighting: http://www.energystar.gov/index.cfm?fuseaction=ssl.display_products_com_html

For a complete list of screw-in and pin-based products that have been approved by ENERGY STAR, please refer to their list of Qualified LED Light Bulbs: http://www.energystar.gov/index.cfm?fuseaction=find_a_product.showProductGroup&pgw_code=ILB

For a complete list of products that have been approved by the DesignLights Consortium, please refer to their list of Qualified LED Lighting: http://www.designlights.org/solidstate.about.QualifiedProductsList_Publicv2.php

Products that do not carry the ENERGY STAR label or have not been approved by the DesignLights Consortium will be considered for an incentive ONLY IF the following information is provided for the specific fixture/lamp model proposed:

1. Independent LM-79 Test Report, which at a minimum must include photometric distribution, lumen output, input watts, CRI and CCT.

AND either one of the following:

2. **a)** 5-year manufacturer warranty that covers the product if light output drops below 70% of the initial output.
or
b) LM-80 Test Report, as well as an in-situ temperature test report indicating the temperature of the hottest LED. This must be accompanied by a written explanation of how L70 Lifetime of Product is determined.

Guidelines

- Each business is eligible for Efficiency Maine incentives up to \$100,000 per business, per calendar year.
- Measures that save electricity, but are not noted as a prescriptive incentive measure, may be eligible under our custom incentive program. Contact us for more information at 866-376-2463.
- Efficiency Maine reserves the right to monitor and/or inspect the installation and energy use of the products for which incentives are paid.
- Efficiency Maine may publicize your participation in this program, unless otherwise requested.
- This offer may be changed, revised, or discontinued at any time by Efficiency Maine.
