PUBLIC UTILITIES COMMISSION  
Interim Electric Energy Conservation Programs

ORDER ESTABLISHING  
INTERIM CONSERVATION  
PROGRAM – BOC PROGRAM  
EXPANSION

WELCH, Chairman; NUGENT and DIAMOND, Commissioners

---

## I. SUMMARY

By this Order, we approve expansion of the Building Operator Certification (BOC) program that we authorized as an interim electric energy conservation program on June 13, 2002. Through this expansion, we approve funding a BOC session in Aroostook County. We approve fully funding the tuition of \$1,400 per person, for no more than 30 persons. We will fund personnel who operate and maintain publicly funded school buildings in Aroostook County.<sup>1</sup> The cost of this course will be about \$42,000. In all respects, the Northern Maine course shall be implemented in the same way as the previously approved BOC courses were implemented.

## II. BACKGROUND

Various other statutory directives require the Commission to promulgate rules and hold public hearings.

Recognizing that the process of implementing electric energy conservation programs will necessarily take many months, the Legislature authorized the Commission to implement interim programs. Section 7 of ch. 624 states:

**Interim programs.** In order to avoid a significant delay in the implementation of conservation programs pursuant to the Maine Revised
