

Eligible Vehicles List

See below for a list of battery electric vehicles (BEVs) and plug-in hybrid electric vehicles (PHEVs) with trim levels that are eligible for an Efficiency Maine rebate. Please note that some qualifying vehicles may not be available in Maine yet. Contact a participating dealer to ask about available models.

To qualify for an Efficiency Maine rebate, a particular vehicle must have a price of no more than the amounts listed below, where the price is defined as total MSRP or "sticker price," including options and accessories, before destination/delivery charges. No other discounts, deductions, credits, or rebates are to be counted in the eligibility determination calculation:

- a. \$80,000 in the case of an eligible pickup truck or commercial van with a gross vehicle weight rating (GVWR) of 6,000 pounds or greater;**
- b. \$50,000 for all other eligible vehicles.**
