

April 2026 Dealer Newsletter

Program Notices

- **Extended through September 30:** [Enhanced rebates up to \\$14,000 for businesses, nonprofits, and governmental entities that purchase eligible new commercial electric vans](#). Enhanced rebate amounts on other vehicle types also extended through September 30, see the [Dealer Portal](#) for the current amounts.
- As of March 31, **used electric vehicles can have a final purchase price up to \$50,000** to qualify for Efficiency Maine rebates. The previous final purchase price limit was \$40,000.

Tips and Reminders

- Dealerships must enroll in CLEAResult's payment system to receive rebate reimbursements via ACH. Unenrolled dealerships will receive rebate reimbursements via mailed check. To enroll, complete and send the [Direct Deposit Agreement Form](#) to ev@efficiencymaine.com.
- The Dealer Training Video has been updated to reflect current program details. The video is available as a link on the [Dealer Portal](#) under "Dealer Training Video."
- In the most recent update to the [EV Rebate Claim Form](#), the off-peak charger order confirmation code field moved to row 3 on the first page. The Emporia order confirmation code can be found in the subject line of customer's order confirmation email. See an example of this email [here](#).
