

Installers, Suppliers, Project Management Assistance and Networking Services for EV Charging Stations

These companies have experience installing, supplying, providing project management assistance, and networking services for EV charging stations. Efficiency Maine has compiled this list to be a helpful resource and it does not endorse the services or products of any specific service provider that is listed. If you would like to be added to this list, please submit a completed service provider application (https://www.energymaine.com/docs/EVSE_Service-Provider-Application.pdf).

*Project Management Assistance examples: developing tailored plans, identifying contractors, and providing information on funding resources.
