

ELECTRIC VEHICLE (EV) Rebate Claim Form

For purposes of this EV Rebate Claim Form, a “Purchaser” is the individual that is purchasing or leasing the EV that is the subject of this Claim Form. The Purchaser identified below wishes to participate in the Efficiency Maine EV Rebate Program in accordance with the terms of this Claim Form and the attached Terms and Conditions, and also the [Program Manual](#), which terms are expressly incorporated herein, and understands that completing this Claim Form is a condition of Program participation and for receiving the financial incentives from the Program. By signing this Claim Form, the Purchaser agrees to the Terms and Conditions that are attached, and certifies and agrees that the following information is true and accurate to the best of their knowledge:

Purchaser Name:					
Address where the vehicle will be kept:					
	Town		State	ME	Zip
Purchaser Email Address:					
Purchaser Phone Number:					

Purchaser Requirements

All rows must be checked by the Purchaser.

1	a) Purchaser will retain ownership/lease of vehicle for at least 36 months. b) Purchaser will maintain registration in Maine for at least 36 months.
2	Purchaser acknowledges that rebate provided at time of sale is final, and Efficiency Maine will not provide additional rebates for this vehicle purchase/lease.
3	Purchaser has not previously received any low- or moderate-income EV rebates.

Purchaser's Signature:		Date:	____ / ____ / ____

ELECTRIC VEHICLE (EV) Rebate Claim Form

Terms and Conditions for Efficiency Maine EV Rebates

1. EV Purchaser acknowledges that, subject to compliance with all Program terms and conditions and the provision of all required information, the applicable EV rebate amount will be applied by the Participating Dealer as a price adjustment to the final purchase price or total lease payment negotiated between EV Purchaser and the Participating Dealer. EV Purchaser acknowledges that it will not receive direct payment of any rebate for an EV purchased or leased from a Participating Dealer and expressly authorizes payment of the applicable EV rebate amount by Efficiency Maine to the Participating Dealer in recognition of the corresponding price adjustment credited to EV Purchaser. EV Purchaser authorizes the Participating Dealer to make a Program rebate application for EV Purchaser's purchase or lease transaction, and to disclose such information as Efficiency Maine may require to process a Program Rebate.
2. EV Purchaser certifies that the Participating Dealer has disclosed the applicable EV rebate amount available under the Program for the EV being purchased or leased, and that the applicable EV rebate amount has been accurately listed as a price adjustment to the final price in the sales or lease agreement between EV Purchaser and the Participating Dealer.
3. EV Purchaser certifies that it will retain ownership of the EV, whether through purchase or lease, for a minimum of thirty-six (36) months from the date of purchase or lease.
4. EV purchaser agrees to register the vehicle in the State of Maine promptly after finalizing the EV purchase or lease transaction, and to maintain registration of the EV in the State of Maine for a minimum of thirty-six (36) months from the date of purchase or lease. EV Purchaser acknowledges that if the EV is leased, the original lease term must be for a period of at least thirty-six (36) months.
5. EV Purchaser acknowledges and agrees that if an EV for which a Program rebate was credited or received is sold, traded, or otherwise transferred by EV Purchaser prior to the expiration of the required thirty-six (36) month ownership period, if a representation by EV Purchaser in connection with participation in the Program is untrue, or if EV Purchaser otherwise fails to comply with the terms and conditions of the Program or this Agreement, EV Purchaser may be required to repay to Efficiency Maine the full amount of the original rebate, plus attorney fees and costs of collection. This requirement may be waived if the EV Purchaser purchases or leases another Eligible EV in Maine in place of the original EV within the 36-month period having the same or higher all-electric range as the original EV for which a rebate was provided. EV Purchaser shall advise Efficiency Maine promptly of any sale, transfer, or lease termination prior to expiration of the 36-month period.
6. EV Purchaser agrees to reimburse the Participating Dealer the full value of the rebate if it is discovered that EV Purchaser provided false or materially inaccurate information resulting in denial of the Program rebate.
7. EV Purchaser agrees to provide all such information and to complete and submit all such forms and documentation as may be required by Efficiency Maine for Program participation. EV Purchaser agrees to participate in Efficiency Maine surveys and utilization reviews to assist Efficiency Maine in gathering and analyzing information to evaluate the effects and the effectiveness of the Program. EV Purchaser agrees to allow Efficiency Maine or its authorized agents to verify vehicle identification number (VIN), title, and registration information, verify vehicle location, ownership, and usage information, and to conduct such other Program compliance audits as Efficiency Maine may require. EV Purchaser agrees to participate in such compliance reviews and audits as may be required by Efficiency Maine.
8. EV Purchaser authorizes Efficiency Maine to access, review, and analyze Purchaser's electric utility data in connection with Efficiency Maine's analysis of EV charging patterns and practices, and evaluation of Program effectiveness and outcomes.
9. EV Purchaser is solely responsible for the selection of the EV. Inclusion of an EV on Efficiency Maine's list of eligible electric vehicles does not constitute an endorsement or warranty. Efficiency Maine disclaims all representations and warranties as to any EV and makes no representations of any kind regarding the results to be achieved by the Program. EV Purchaser hereby releases Efficiency Maine from any claims arising from or relating to participation in the Program or use of the EV.
10. EV Purchaser acknowledges that purchase or lease of an EV does not automatically entitle EV Purchaser to a Program rebate and no express property right is created by this Program. Efficiency Maine reserves the right to discontinue the Program or make changes to Program terms and conditions at any time as permitted by law. Program administration is subject to the then-current terms of the Program Manual in effect at the time of the vehicle transaction. EV Purchaser should consult www.efficiencymaine.com to view the Program Manual in effect at the time of the vehicle transaction.
11. EV Purchaser acknowledges that Efficiency Maine is an intended beneficiary of this Agreement and that Efficiency Maine reserves the right to enforce this Agreement, and to exercise all available rights and remedies in the event of EV Purchaser's breach of this Agreement.
12. The EV rebate is intended as a point-of-sale purchase price adjustment facilitated through the Participating Dealer. EV Purchaser should consult with its tax advisor to determine if the EV rebate amount may be treated as taxable income. Efficiency Maine makes no representation as to the tax treatment of the EV rebate.
