

LEVEL 2 ELECTRIC VEHICLE CHARGER EQUIPMENT AND SERVICE PROVIDER LIST

As of 7/17/19

Efficiency Maine has compiled contact information for organizations in the electric vehicle charging equipment field who are currently able to supply Level 2 electric vehicle charging hardware, networking services, and/or project management/oversight. This list is intended to serve as a resource for individuals and organizations completing an application to participate in the RFP-004-2019 bid review process, and will be updated periodically as other service providers are listed.

Interested equipment and service providers may apply to be listed by completing [this form](#).
