

Efficiency Maine EV Rebates

Participating Dealer Newsletter February 2026

Program Notices

- Through April 30, Efficiency Maine is offering [limited-time enhanced rebates up to \\$14,000 to businesses, nonprofits, and governmental entities that purchase eligible new commercial electric vans](#). Rebate amounts on other qualifying vehicles are also enhanced for a limited time, see the [Dealer Portal](#) for the current amounts.
- Efficiency Maine has launched a new [Electric Vehicle Shopping Tool](#) to help EV shoppers find vehicles in inventory. If your vehicles are not appearing on the tool, you can contact questions@evqengage.com for assistance.

Tips and Reminders

- EV purchasers must buy and install an [off-peak charger from Efficiency Maine](#) in order to receive an EV rebate. There are no rebates available at this time for those who cannot install this charger at their home (or fleet parking for businesses and governmental entities).
- In-person staff trainings on the Efficiency Maine EV Rebate program are available. For more information, contact Alex Kesterson at alexander.kesterson@clearResult.com or (806) 317-4806.

Top Models Rebated in December
