

There are two ways to access incentives for high-efficiency heating and cooling equipment. Instant discounts are applied at the counter when your contractor is purchasing equipment on your behalf OR your contractor can apply for an incentive from Efficiency Maine. **Here's how to get started:**

Equipment eligible for INSTANT DISCOUNTS*	Equipment eligible for CASH INCENTIVES*
<p>Boilers ≤ 500 MBtu/h (Oil and Kerosene) - \$500</p> <p>Furnaces ≤ 300 MBtu/h (Oil and Kerosene) - \$500</p> <p>ECM Circulator/Recirculator Pumps</p> <ul style="list-style-type: none"> • \$50 if <150 max operating watts • \$150 for 150-500 max operating watts • \$250 if >500 max operating watts 	<p>Ductless Mini-Split Heat Pump Systems</p> <ul style="list-style-type: none"> • 1 Zone: \$500/system • 2 Zones: \$750/system • 3 Zones: \$1,000/system • 4 or more Zones: \$1,250/system <p>Packaged and Ducted Heat Pump Systems</p> <ul style="list-style-type: none"> • Air-to-Air Heat Pump Systems: \$50/ton • Water Source Heat Pump Systems: \$100/ton • Demand Control Ventillation (DCV): \$500/unit <p>Variable Refrigerant Flow Systems</p> <ul style="list-style-type: none"> • With heat recovery \$3.25/sq. ft. • Without heat recovery \$2.75/sq. ft. <p>Demand Control Ventilation</p> <ul style="list-style-type: none"> • Demand Control Ventilation: \$500 • Demand Control Kitchen Ventilation: \$1,000 <p>VFDs for HVAC</p> <ul style="list-style-type: none"> • \$400 - \$2,300 per unit (incentive varies by system horsepower) <p>Boilers > 500 MBtu/h (Natural Gas, Compressed Natural Gas, Oil, and Propane)</p> <ul style="list-style-type: none"> • \$650-\$12,500 • Incentive varies by system size and fuel type <p>Boiler Controls & Ancillary Equipment</p> <ul style="list-style-type: none"> • Modulating Burner Control: \$1.25 per MBtu/h • Standard Boiler Economizer: \$950 per MMBtu/h • Condensing Boiler Economizer: \$1,325 per MMBtu/h • Boiler Reset/Lock Out Controls: \$375 per Unit • Oxygen Trim Controls: \$0.75 per Mbtu/h • Boiler Turbulator: \$9.50 per Unit • Programmable Thermostat: \$100.00 per Unit

Equipment efficiency requirements vary depending on fuel type and equipment size. Work with an Efficiency Maine Qualified Partner to learn more about eligibility requirements, complete program guidelines, and project completion time periods – and to upgrade your facility.

Effective July 1, 2019 - September 30, 2019
