

Moderate-Income Eligibility Verification Request

Efficiency Maine offers certain low-cost energy upgrades and enhanced electric vehicle rebates for eligible moderate-income Mainers, based on their federal Adjusted Gross Income (AGI). The AGI income limits are:

- Up to \$70,000 for an individual filing as single, head of household or married filing separately
- Up to \$100,000 if married filing jointly or individual filing as a qualifying widower

Verified moderate-income households may be eligible for rebates that are higher than the standard incentives for EVs, heat pumps, water heaters, and insulation. Efficiency Maine also offers home energy loans to eligible moderate-income homeowners.

If you have questions about this form, please call 866-376-2463.
