

Low-Income Eligibility Verification Request for Home Energy Assistance Program (HEAP) Participants

Efficiency Maine offers certain low-cost and no-cost energy upgrades and enhanced electric vehicle (EV) rebates for eligible low-income Mainers. These rebates are higher than the standard incentives, with the highest amounts for those who are low-income. Efficiency Maine also offers home energy loans to eligible homeowners.

Qualified low-income households may be eligible for the highest rebates for EVs, heat pumps, water heaters, and insulation.

To complete your verification request:

Please provide your information in the table below

Submit the request by email to Lii@efficiencymaine.com OR mail to PO Box 219, Brunswick, ME, 04011–0219

Efficiency Maine will verify your HEAP participation with MaineHousing. You do not need to submit additional documentation with your request.

If you have questions about this form, please call 866-376-2463.

Your Information:

First Name	
Last Name	
Partner's first and last name (if applicable)	
Phone Number	
Physical Address	
Mailing Address (if different)	
Email, if available (may receive faster notification)	

Terms and Conditions:

Efficiency Maine will verify income-eligibility based on the information provided above. Please allow 10 business days for notification of eligibility from the time we receive your request.

Income-verification does not guarantee any specific rebate. All rebates have their own requirements.

Upgrades and EVs supported through these programs are not eligible for any other Efficiency Maine incentives. Programs and incentives subject to change or termination. Please visit efficiencymaine.com, or call our call center at 866-376-2463 to confirm current program terms, rebate availability, and forms.

Please submit by email to Lii@efficiencymaine.com OR mail to PO Box 219, Brunswick, ME, 04011–0219.
