HOW TO GET A REBATE

1. Verify eligibility for enhanced low- and moderate-income rebates (if applicable)
2. Hire/contract with a Residential Registered Vendor
3. Complete upgrade
4. Submit rebate claim form
5. Efficiency Maine sends rebate check

BENEFITS OF WEATHERIZATION

Improving insulation can make your home more comfortable, lower your heating bills, and prevent ice dams, frozen pipes, and cold drafts.

TERMS AND CONDITIONS

Only one rebate will be paid for any given upgrade. Efficiency Maine does not warrant the performance of rebated upgrades. Program and incentives subject to change. Please allow six weeks for rebate processing. Incomplete information may delay or disqualify your rebate. Efficiency Maine reserves the right to verify installation and perform an inspection.
