

# 2020 Heat Pump Training Scholarship Application

**Instructions:** Complete and submit this application to reserve a scholarship for up to 50% of the costs of a 40-hour heat pump training course conducted by a Maine community college and [approved by Efficiency Maine](#). The maximum scholarship is \$500. Efficiency Maine must approve scholarships prior to the course.

Upon successful completion of the course, submit proof of completion and an invoice showing paid registration to trigger payment of the scholarship to the student. Heat pump Residential Registered Vendors are eligible for two scholarships per year per location, as funding allows. Courses must be completed by December 31, 2020; proof of completion and paid invoices must be received at Efficiency Maine by January 31, 2021.

**REQUIREMENTS CHECKLIST** Check each to confirm all are true.

- 1. Applicant is the employee of a current Heat Pump Residential Registered Vendor
- 2. Applicant has a current EPA section 608 certification (or will receive one as part of the training course)
- 3. Applicant has completed the Efficiency Maine Heat Pump Basics Training Module (or will do so as part of the training course)
- 4. Scholarship is for a 40-hour heat pump training course conducted at a Maine community college and [approved by Efficiency Maine](#)
